

Hannah Wilson

QC Microbiology Technician

Sacred Heart Catholic College

mersey
STEM
incorporating cheshireSTEM

From Liverpool, Hannah started school at Hudson County Primary, Maghull, in 1994, before moving to Great Crosby Catholic Primary in Crosby in 1995. Hannah always had an inquisitive mind which led to choosing Science based subjects at school – Sacred Heart Catholic College – and eventually to picking a degree in Pharmacology . From University, Hannah moved to London for 2 years to work in Scientific Publishing. However, after deciding to move back to her home town of Liverpool, Hannah found herself back in the laboratory at AstraZeneca – where she has enjoyed working for the past 2 years.

- **School/College attended:**
Sacred Heart Catholic College

- **University attended:**
University of Liverpool;
Pharmacology BSC

- **STEM Subjects applicable to role:** Chemistry, Biology and Mathematics.

- **Career path:**
