incorporating cheshireSTEM

From Wavertree Liverpool, John attended Calderstones C.C. school Mossley Hill before completing a business degree at Liverpool John Moore's University. As part of the degree course a year in industry was arranged with a gap from study to work in the Procurement department of telecoms manufacturer Marconi Communications in Liverpool. Following a successful year a permanent role as a buyer was accepted requiring the business degree to be completed part time over the next two years. After a seven year spell in various roles with Marconi/ telent at sites throughout the UK, John accepted a role working for Novartis Vaccines at a flu manufacturing site responsible for GMP material. John has recently joined AstraZeneca in the Procurement Manger role overseeing all site 3rd party spend.
