

Girls Night Out

'Science and Engineering in the SKA'

We are hosting an evening for women and girls to discover more about the most exciting science project of this century - the Square Kilometre Array

- Try your hand at some soldering!
- Create your own SKA antenna
- Observe the solstice with our solar telescopes
- Hear from SKA engineer Dr Rosheen McCool

Treat yourself to a night out with a difference! Tickets £8

Jodrell Bank Discovery Centre , 7pm-10.15pm Saturday 20th June ; Suitable for 12 years +
For tickets please visit www.jodrellbank.net or call 01477 571766

This event has been generously supported and subsidised by the Square Kilometre Array Organisation.
