

Work Experience Application Form

National Nuclear Laboratory (NNL) is an exciting place to work and develops understanding at the cutting edge of science and engineering in the nuclear industry. NNL is the only UK organisation with the skills, facilities and expertise to provide technical support to all aspects of the nuclear industry. We are also dedicated to encouraging young people to pursue careers in STEM subjects. As part of your work experience programme you will get to meet real scientists and engineers, and gain a broad idea of the processes involved in the nuclear industry.

NNL's Warrington office is offering two separate week-long placements during the weeks commencing 2nd July and 9th July. If you are interested in applying for a week-long placement with NNL please fill in this **application form** and email it to your teacher along with your **CV** and **cover letter**. No applications will be accepted after the **31st January 2018**. If your application is successful, you will be notified by the 9th February 2018. Good Luck!

Name			
Nationality			
Subjects			
Please circle the week you are available	2 nd – 6 th July 2018	9 th -13 th July 2018
