Aim
To support the Big Bang North West event as a volunteer

Description
This year's Big Bang North West will take place at the Exhibition Centre Liverpool on 2nd July 2019. Our exhibitors, sponsors and presenters are planning lots of exciting and inspirational hands-on activities & shows. It's shaping up to be an amazing event! However, the day wouldn't be half as successful without the team of fantastic volunteers who give up their time to help support the event. We're looking for enthusiastic and committed individuals to come and be part of the team that will deliver the Big Bang North West 2019. This is a perfect role for STEM Ambassadors and could also make a great company volunteering day for a group.
