

# Focus on T-Levels

Mon 28 Jun  
12 to 1pm

**Curious about T-Levels? Want to know how they can benefit your organisation?**

All About STEM and Priestley College are hosting a webinar aimed at giving you an insight into what these new flagship qualifications in Science and Health are all about.

We will be letting you know how your organisation can partner with us to help develop the next generation of scientists and health professionals.
