

# Free CPD Workshops

The National Schools' Observatory offers a range of Continuing Professional Development (CPD) workshops and online support for educators.

These are available at no charge thanks to funding from Liverpool John Moores University.

## Activities to support your teaching

Scheduling observations

Explore the Universe

Astronomy at home

Earth and Space

 The content was great, the Zoom format and after school timeslot made it easy to attend. 

**7 out of 10 teachers rated their workshop as excellent!**

Register for **free** as a Teacher to access these workshops:
