

Nuffield Research Placements & Nuffield Experience Placements 2024 Parent/Guardian/Carer Agreement Form

In order to be able to process your child's application and to assess whether they are eligible for a bursary while they are on placement, we need to ask you to provide certain personal details below about your child's circumstances. Your child has also provided personal data within their application so that it can be correctly processed. This will be confirmed by the information you provide.

We will also need to ensure that you are aware of and agree to your child's participation in the Nuffield Research Placements programme. Please note that this data **will** be shared with the Nuffield Research Placements' Coordinator for your region. Your personal data will **not** be shared with any other third party without your consent.

If we are able to offer your child a placement, the details of their application including this personal data will be retained on our system and anonymised after six years. Unsuccessful applications will be retained for one year. For more information on our principles when dealing with personal data, see our [privacy policy](#).

The information on this form will be used for eligibility and monitoring purposes and should be completed by the **main earner** in your household.

Student bursary eligibility

We ask for the information below to help us ascertain whether this student is eligible for a bursary for the duration of the on-site* part of their placement only. The bursary is in addition to any travel costs which will be reimbursed separately for the on-site* portion of their placement only.

Please tick **ALL** that apply. **Please note** that you may be required to provide evidence to this effect if this student is accepted onto the programme.

The student is:

- In receipt of, or entitled to, discretionary payments at school/college
- From a home with a combined income of below £30,000 (gross) per year
- Are in receipt of, or entitled to, free school meals, or have been in the last six years
- Living, or has lived, in local authority care
- None of the above

**Due to the impact of COVID-19 and Government guidance and subject to the limitations of the placement host organisation, the real-world research collaboration with a Project Supervisor may not be able to go ahead on-site. In the event that on-site research is not possible, this activity will continue online instead. In this case, the bursary will not be affected, and students will still be entitled to receive the full bursary adapted to the placement type.*
